

## High School Driver Education Computerized Testing

SGI is changing the way you complete your Class 7 learner's exam in high school driver education. It can now be done on a computer! To make this happen, you will need to visit a license issuer with identification before your session begins to obtain an SGI customer number. A customer number and email address are required to activate your MySGI account. This can be done well in advance - the sooner the better!

### Step 1 – Obtain an SGI Customer Number

You can do this by visiting your local motor license issuer or any SGI motor vehicle branch office:

- You will need a minimum of two pieces of original identification to establish your full legal name, complete date of birth and signature (e.g., Canadian birth certificate / Canadian passport and Saskatchewan health card)
- Don't forget to provide an email address which is needed in Step 2
- You will be given a Personal Identification Document. Please verify all information on this document to ensure it is complete and accurate (i.e. height, gender, eye colour). Do not lose this. You will be required to provide this to your driving instructor.

If you have SGI photo ID, you *already have* an SGI Customer Number and will only need to ensure you have an email address on file with SGI. An email address is required to activate your MySGI account. To add this information you can call or visit your local motor license issuer or call the SGI Customer Service Centre in Regina (306) 775-6900 or toll free 1-800-667-9868.

### Step 2 – Register for MySGI

- Make sure you have added an email address to your customer profile. An activation code will automatically be sent to your email account. You will use this code to set up your MySGI account
- Register for a secure online account by going to [www.sgi.sk.ca/online](http://www.sgi.sk.ca/online)\* and selecting the Register button
- Select *I have an activation code*
- Select Submit
- Enter your customer number and your activation code, then select the Submit button
- Create a username and password and submit
- Review and accept the Terms of Use\*\*
- Welcome to MySGI!

At the time of your learner's exam you will be required to log into your MySGI account with your username and password. From there, you will access the testing application. Features of computerized testing include: coloured graphics clarifying each question, immediate feedback after each answered question (correct or incorrect) and immediate scoring (pass or fail).

\* Not mobile browser compatible at this time

\*\* You will be required to search and select a motor license issuer of your choice. We recommend searching by city or postal code.

# APPLICATION FOR HIGH SCHOOL DRIVER EDUCATION

Students must obtain a personal ID number (customer number) from SGI and set up their MYSGI Account in order to take online testing. Before attending any classroom sessions students need to read, understand and follow the steps outlined on page 1 of this form.

**STUDENTS WILL NOT BE ACCEPTED INTO A CLASS IF THEY DO NOT HAVE THEIR CUSTOMER NUMBER WHICH NEEDS TO BE INCLUDED ON THIS SHEET.**

### General Information

Each student will receive instruction in Driver Education for a minimum of 30 hours of classroom instruction and 6 hours in a car behind the steering wheel. The car to be used has dual-brake control and is insured for all who ride in it.

The 6 hours of "behind the wheel" in car instruction only provide a very basic level of driver training. It is most important, therefore, that the student be allowed to practice in the family car until he / she has mastered what has been taught. It is in this area that parents have a great part to play in the satisfactory completion of the training.

Your attention is drawn to the fact that students in the program will hold a valid learner's license. All students under the age of 16 with a learner's license must be accompanied by a parent, legal guardian, or authorized instructor who holds a current, valid operator's license. Anyone accompanying a student driver must have held an operator's license for a minimum of one year.
