Name: **Manan**

Country of Origin: New Delhi, India

Why did you choose to study at Luther College High School?

Finding a good high school that has dorms and was well known for its multiculturalism was difficult at first until my parents and I came across Luther. We found that choosing Luther was the right decision because it has a great community of students from all backgrounds studying under the same roof.

What do you enjoy most about living in the dorm at Luther College and why?

Relationships that are made here with the deans and the students are long-lasting and unlike anywhere else. Simple things like going to your friends' room after school or playing pool in the lounge is where I have made some of my best memories in the dorms. It's amazing to see how students come from countries I have never been to but they all chose to come to Luther (just like me) to share their experience and learn from others.

What is the best part about attending Luther College High School and why?

Getting a good education is one of the key milestones in every individual's life as it has the power to shape one's life and change it forever. Having the privilege to attend Luther and to get a good education here it has shaped my life completely. Over the years, attending Luther has given me the ability to remain calm during stressful situations and the strength to always do better with the assistance of my teachers.

What is your favourite dorm activity and why is it your favourite?

Movie night in the dorms is one of my favourite activities here because there is a small group of people in the dorm lounge, who get together and enjoy a movie in a casual environment. Something that simple has given me many memories especially during the time of lockdown in 2020 and 2021 when everyone was in despair and distraught but something as simple as that was able to bring everyone together and forget about the pandemic for a little while.
