COLLEGE**  
HIGH SCHOOL

# Live and Learn at Luther

[www.luthercollege.edu](http://www.luthercollege.edu)

Name: **Catherine**

Home Town: Spirit River, AB

Why did you choose to study at Luther College High School?

There weren't many opportunities close to home and I was up for an adventure. My mum had gone to a boarding school and we looked into schools. When we found out about Luther, I found the strong arts programming intriguing and I appreciated the tight-knit sense of community.

What do you enjoy most about living in the dorm at Luther College and why?

I really love the feeling of closeness in the dorms. It's pretty similar to having a chosen family and has given me the opportunity to make some really wonderful friends that I know I'll hold dear for years. I've gotten to meet people from all over and I was lucky to have a really wonderful roommate. There are some really interesting people in dorms and I hope they go far with their aspirations.

What is the best part about attending Luther College High School and why?

The people. You'll meet some really interesting and compassionate people. It feels like everyone's on a journey to becoming their best self, and it's a good feeling to be part of it. The people here have helped change me for the better. I've become more confident and sure of my worth, more likely to reach out, and far more patient and "go with the flow". The food is also pretty good too!!

What is your favourite dorm activity and why is it your favourite?

I enjoy pretty much any of the dorm activities. The outings are always a blast, and I find myself fond of when we do movie nights in the lounge with the deans, as it's a chance for us to be goofy while also enjoying an entertaining experience together.
