Country of Origin: Vietnam

Why did you choose to study at Luther College High School?

I was introduced to Luther by my family members and my parents like the atmosphere in Regina. Regina is a small and peaceful city, where they believe I could focus on my studies. Luther doesn't have that many Vietnamese students compared to other private schools, so my English could improve quicker. They know that I will get enough support from ESL classes and teachers, as well as the from the dorm deans.

What do you enjoy most about living in the dorm at Luther College and why?

I think the dorm community helps me in the transition to studying in a new country. I like how we have access to all sorts of things like the gym, library, and even tutors.

What is the best part about attending Luther College High School and why?

There are lots of activities to participate in and I feel like it has an academic atmosphere that encourages me to think deeper.

What is your favourite dorm activity and why is it your favourite?

I like when we go bowling, watch movies, and all the fun banquets. It's relaxing and enjoyable.
