

Sustainable Development

2019-2020

Campus Vision

“The University of Regina seeks to reflect the world in which we want to live- a world that values empowered citizens, generates high-impact scholarship, and embraces Canada’s diversity”

Office of Sustainability

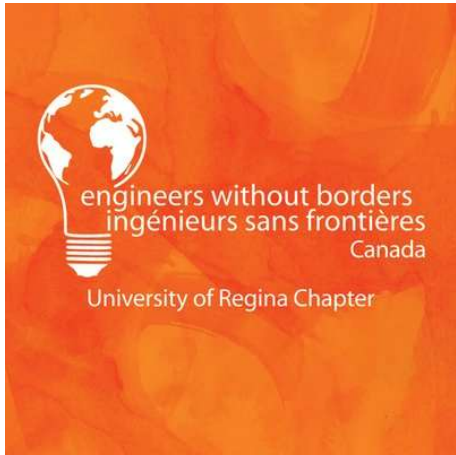

President's Advisory Committee on Sustainability

“Support the vision of the Strategic Plan and help guide the University of Regina in ensuring that the best insight, knowledge, leadership and high ethical standards regarding sustainability are brought to decisions around sustainable operations, education, research, performance evaluation and community service.”

Student Community Engagement Fund

“The Sustainability Community Engagement Fund (SCEF) is a fund targeted toward innovative student, faculty and staff-led projects that will improve the sustainability of our campus while ensuring positive impacts in the surrounding communities.”

Energy and Waste Reduction

Sustainable
Campus/Environment

Developing a Sustainable Network

1. Understand the environment of your group

Common goals and ideas

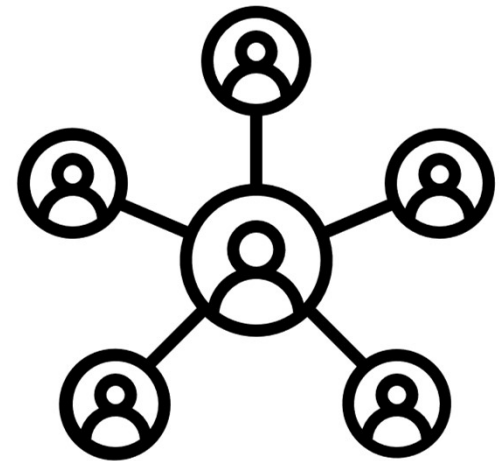

2. What are the limiting factors?

Inability to be in person, resources, etc.

3. Where can you start?

Create a foundation

4. Communicate!
