

What is Luther College?

- Luther College High School is a **historical independent high school** offering grades 9-12.
- Luther College was established in 1913 and consists of a high school campus and a post-secondary campus, federated with the University of Regina.
- Our motto “Quality Education in a Christian context” refers to our emphasis on education of the whole person—intellectually, emotionally, spiritually and physically—within a progressive Christian context where principles of love, community, grace and forgiveness are paramount
- Students pay tuition to attend, and the provincial government also partially funds Luther College. Luther is not a “private school” in that a true private school receives no government funding. We offer the Saskatchewan government regulated curriculum, the university recognized International Baccalaureate program and diverse liberal arts programming.
- Luther College also relies on the generosity and philanthropy of alumni and donors to support our programs, facilities, scholarships and financial assistance opportunities.

Who attends?

- Our school population is approximately 450 students, with 80 of them from international locations such as Hong Kong, Nigeria, Ghana, Zambia, Philippines, South Africa, Vietnam, Ireland, Korea, Taiwan, Mexico, and China. We have an on-campus dormitory with space for 50 boys and 50 girls.
- The average class size is 23 students.
- Students admitted to Luther College are not required to be Lutheran or Christian. In fact, we value diversity in every aspect of our school population.

What we’re known for:

- Luther College has an outstanding academic program and university preparation with at least 96 percent of graduates going on to post-secondary education, including the University of Regina, University of Saskatchewan, Dartmouth, John Hopkins, McGill, Harvard, Oxford, Yale, and Queen’s.
- Since 1953, Luther College has hosted the Luther Invitational Tournament – the longest running high school basketball tournament in Western Canada.
- Since 1973, Luther College has presented an annual Broadway musical.
- We value excellence in teaching and care for our students as individuals in the community.
