

Networking with stakeholders

Advancing Responsible Consumption and Production in Higher Education
Session: Sharing SDG #12 Stories and Opportunities for Collaboration

Kenneth Ochoa – Head of Environmental Engineering
Universidad El Bosque, Bogota – Colombia
ingenieria.ambiental@unbosque.edu.co

Content

1. General context
2. Collaboration with UEB
 1. Research
 2. Education
 3. Social responsibility

General Context

- Founded in 1977
 - 465 staff
 - 1.766 faculty
 - 12.755 students
 - 28.763 alumni
- Areas
 - Arts, Design, Social Sciences, Engineering, Management, Natural Sciences and Health
- Programs
 - 31 undergraduate
 - 88 postgraduate (3 PhD)
- Focused on Health and quality of life
- Accredited

Collaboration with UEB: Research

- 56 research groups
- 7 on engineering
- 7th in Colombia on Scimago ranking
- Flagship projects
- 615 publications (35% Q1)
- 1 patent, 3 on-going
- International labs
- International project funding

Collaboration with UEB: Education

- Student / faculty / staff mobility
- 1 – 2 semesters
- Virtual mobility
- Joint course projects
- Double degree programs

Iniciativa El Bosque Crece Universidad El Bosque

Collaboration with UEB: Social Responsibility

- 117 projects: ~190.000 people
- Covering the national level
- Agreements with 114 international organizations
- Participation on National and Regional Public Policies
